

P606/P606W

H.264 (High Profile) 2 Megapixel Network Camera

PIXORD P606 is a compact and high resolution (1600x 1200 pixels) Network Camera featured with superior H.264-AVC performance and multiple functions. The P606 is perfect for indoor applications, such as small business, home security, retail stores, restaurants, hotels, SOHO, etc.

P606 H.264-AVC video compression enables to lower bandwidth and storage requirements without compromising image quality; Motion JPEG is supported for increased flexibility, as well as multiple independent video streaming.

The camera offers wired connection to the network and optional wireless (IEEE 802.11g) P606W model for flexible installation. It includes 7 IR LEDs for illuminating the scene automatically or when requested by the user. Further functions include two-way audio with integrated high-sensitive microphone and audio output, Micro SD card support and digital PTZ (4X) to focus any location you would like to highlight in the image.
